Brett Barnes

richardcurtis@example.net | +1-563-366-3894 | Stefaniestad | Comoros

Experience

Hernandez PLC, Technology, Small, Embedded Systems Engineer, mid, internship, 2020-01-19, 2025-01-05, N/A, Enhanced system security and performed regular audits., Automated deployment processes and continuous integration., Integrated third-party services into existing systems., REST, GraphQL, Agile, GraphQL, Docker, Git, Turner, Campbell and Kelly, Technology, Large, Embedded Systems Engineer, junior, internship, 2020-08-15, 2023-09-18, N/A, Automated data processing pipelines., Ensured application responsiveness and seamless user experience., Deployed applications on cloud platforms and ensured scalability., GraphQL, Kubernetes, Kanban, Kubernetes

Education

MSc, Computer Science, Embedded, Miller, Williams and Solis, New Sandraland, N/A, 2016-11-04, 2022-10-01, 3.22, Database Systems, Network Security, Data Structures, BSc, Computer Science, Embedded, Burton Ltd, South Linda, N/A, 2016-08-09, 2019-04-01, 3.31, Magna Cum Laude, Machine Learning, Data Structures

Skills

Go, intermediate, C, intermediate, React, beginner, Oracle, intermediate, MongoDB, expert, Google Cloud, beginner, English, fluent

Projects

Embedded Systems Engineer Project, Developed firmware for IoT devices, enhancing device functionality and enabling real-time data processing for smart home applications., CI/CD, REST, Git, Python, Embedded Systems Engineer, https://rose.com/, What matter project will term without suffer room guess imagine result mouth letter himself.
